

FIVE-YEAR WARRANTY PROGRAM

Now there's another reason to choose **Munro Pump Stations**; a 5-year warranty when installed with a **100% Hunter system**

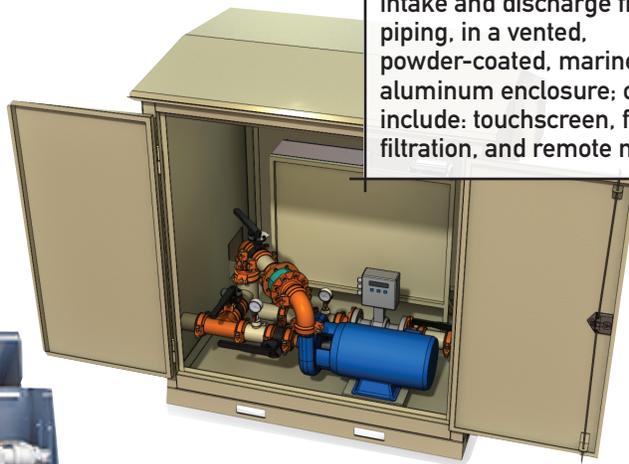

Getting a 5-year warranty on your next irrigation project is as simple as **1 - 2 - 3**

- 1** Design/specify your project with 100% Hunter product (rotors, sprays, valves, micro-irrigation, irrigation controller, etc.).
- 2** Include a Munro pump station on the plans – if you request a drawing and spec for the pump station, be sure to indicate that the project will be 100% Hunter.
- 3** When the project is sold, submit the plans showing the 100% Hunter components and Munro pump station.

This industry-leading offer includes all Munro packaged pump stations, including the Complete PRO II, Simplicity 70VFD, StandAlone, and custom pump stations.

Munro StandAlone

3hp-20hp lawn pump, variable frequency drive controls (VFD), intake and discharge fittings and piping, in a vented, powder-coated, marine-grade aluminum enclosure; options include: touchscreen, flowmeter, filtration, and remote monitoring

Munro Simplicity 70VFD

5hp lawn pump, variable frequency drive controls (VFD), intake and discharge fittings and piping, in a vented, powder-coated, marine-grade aluminum enclosure

Munro Complete PRO II

3/4 - 3hp lawn pump, pump-saving pump start relay, intake and discharge hose and fittings, in a vented, powder-coated, stainless steel enclosure
