

FS215S11

2HP, 110V, 1Ph, 20A, 83lbs.

- **Abrasion-Resistant Mechanical Shaft Seal** - Protects the motor for longer life
- **Premium Impeller Construction** - High chrome steel impeller is extremely hard and wear resistant in our 2 hp and above, while a ductile iron impeller easily handles 1/3 hp to 1 1/2 hp flow conditions
- **Stainless Steel Case, Shaft and Strainer** - Durable and low maintenance

COMMON APPLICATIONS

- **Recommended for** - Dewatering, water transfer
- **Other uses** - Water features

ADVANTAGES

- **Continuous Duty Design** – These pumps are made to run! Our double casing design takes the flow path across the motor housing to whisk away the heat generated by the motor. A cool motor means a longer life
- **Wear Resistant Materials** – We use stainless steel in our housing, shaft and strainer, providing wear resistance and a long life in all conditions
- **Great Performance at a Great Value** – With our heavy duty construction, high head or gpm capacity, and versatile design, you'll be pleasantly surprised when you compare this pump to its competition
