

MUNRO RP0405T22A Pump

RP0405T22A

5HP, 230V, 3Ph, 12.8A, 103lbs.

- **Abrasion-Resistant Mechanical Shaft Seal** - Protects the motor for longer life
- **Enclosed Channel Impeller** - Increases efficiency and lowers operating cost
- **Stainless Steel Outer Case** - Durable and low maintenance

COMMON APPLICATIONS

- **Recommended for** - River flooded irrigation
- **Other uses** - Water transfer, wastewater

ADVANTAGES

- **Easy to Place and Maintain** - The amphibious design means you can retire your waders! Place this pump right on the bank of the water, where it is easy to maintain. Laying down or standing up, you'll see the same great performance
- **Higher Than Average Flow to HP with Pump-to-Pump Pressure Boost Capability** - High gallon output sets this pump apart from the crowd. If you need an extra boost, plumb pump-to-pump and double your output pressure
- **Low Cost to Own** - When pumps are in continuous use, the energy use and cost can really add up! Our pumps use lower amps than our competitors, which saves power and money
